

# Maintenance Technician (2nd Shift)

**Department:** Maintenance

**Location:** Boston, MA

## POSITION OVERVIEW

Mass. Bay Brewing Company (MBBC), parent company to Harpoon, UFO, Clown Shoes, Arctic Summer and City Roots, is seeking a highly motivated professional to join our 2nd shift Maintenance team. The ideal candidate will have working knowledge of packaging equipment and strong troubleshooting abilities. Ability to lead an overhaul/rebuild and adapt quickly to change while adjusting priorities as breakdowns occur is a must.

## REQUIREMENTS/QUALIFICATIONS

- Must have an electrical/mechanical background with 2-5 years of experience setting up and servicing packaging equipment, as well as basic electrical and mechanical troubleshooting skills
- Must have a flexible schedule and ability to work a rotating on-call schedule for after-hour emergency repairs (every 7-8 weeks)
- Proper use and understanding of PPE, LOTO, and Risk Management
- Ability to read and interpret manuals, schematics, and blue prints
- Proficiency in CMMS, Microsoft Excel and Word
- Ability to work independently and collaboratively with minimal direct supervision in a dynamic environment
- Ability to operate a fork lift (Massachusetts 1D Hoisting License is recommended)
- Strong verbal and written communication skills

## RESPONSIBILITIES

*Responsibilities include but are not limited to:*

- Performing preventive maintenance as well as electrical/mechanical troubleshooting on all brewery equipment
- Working with an assigned team to review work, set priorities, and schedule maintenance repairs
- Entering and completing work orders by logging actions and findings in an accurate and timely fashion in a maintenance program
- Quickly diagnosing source of failures and making emergency repairs to all mechanical, electrical, pneumatic, and electronic systems as needed to return them to service and minimize production downtime
- Assisting production staff through direction, training, and assistance
- Assisting brewery operations in setting up equipment and making running adjustments to maintain maximum efficiency including annually auditing assigned equipment to improve or develop PM's,

troubleshooting guides and using standard operating procedures

- Ensuring equipment is set up, maintained, and operated to allow for safe packaging of quality product
- Maintaining a clean and orderly work area and returning tools, equipment, and supplies to the appropriate storage areas after each assignment
- Handling a large work load with multiple preventive and repair tasks/projects

#### **WORKING ENVIRONMENT**

- Ability to lift 100 lbs., up to 50 lbs. shoulder-high
- Ability to stand for long periods of time
- Ability to work over, under, and around potentially dangerous and moving machinery in tight spaces
- Ability to withstand various temperatures and weather conditions
- Must be comfortable working at heights while standing on a ladder or in a basket

#### **OPPORTUNITIES & PERKS**

MBBC offers some great perks including potential for growth, great co-workers, a friendly environment (pet friendly as well!), an all-expense paid culture trip, participation in our Employee Stock Ownership Plan (ESOP), participation in our unique Wellness Program, and, of course, amazing beer benefits!

**POSITION:** Maintenance Technician (2nd Shift)
